## Work Experience

As a fresher, I may not have formal work experience in the industry, but I have actively engaged in developing my skills by working on various projects for practice. Through these projects, I have gained hands-on experience in web design and development using HTML, CSS, JavaScript, and Node.js. I have taken the initiative to challenge myself and apply my knowledge to create functional and visually appealing websites. These projects have allowed me to sharpen my problem-solving abilities and enhance my understanding of industry best practices. I am eager to leverage my practical experience and contribute to a professional team environment.
